

Dear Last Man Standing Community Member, Supporter, Athlete and Coach,

We hope you are well. The Last Man Standing organising team always strives to be transparent and to do what we think is best for our community. Therefore, we would like to share some sad but rather exciting news from Last Man Standing.

As a team, we have been closely monitoring the current state within our country. With living expenses and fuel prices continuously rising and people trying to make ends meet, the Last Man Standing organising team has been working tirelessly on a plan to support our community, with the main goal of hosting the best Last Man Standing events.

With all stakeholders consulted within the structures of LMS, we have reached a consensus that LMS Pretoria 2022 and LMS Sun City 2022 will no longer be taking place.

As much as we, our supporters and stakeholders would love for these events to take place, our team has had to take the decision to meet our athletes' and community's needs. We know that for many of you this will be disappointing and may result in some inconvenience. Please understand that this has not been an easy decision but we are extremely excited for what is to come in 2023.

All Last Man Standing events will immediately merge into one big event that will be hosted in April 2023 at our athletes' favourite venue, Sun City.

By merging all LMS events we give Athletes the following advantage:

- The chance to get excited and to prepare for one big event in 2023.
- Extremely competitive, not to be missed, accommodation packages from our venue, Sun International.
- The most exciting event of the year with the BIGGEST prizes to be won.

With regards to current entries for Last Man Standing Events:

- All Pretoria and current Sun City event entries, as well as Sun City accommodation that has already been booked, will automatically be transferred to the Sun City event in 2023 once dates have been confirmed.
- Our team is happy to offer various options if you have entered for these events, please contact the Senior Event & Project Manager to discuss these options via general@lms360.net.

We hope that you are excited and ready to prepare for what's to come.
